TurfMate User Guide

Introduction

TurfMate is a digital platform designed to streamline mini football match sessions for both players and turf managers. This guide covers the main features, user flows, and how to get started.

Table of Contents

1. Getting Started

- **Sign Up:** Register with your name, email, and password.

- **Login:** Access your dashboard and join or create turfs.

- **Email Verification:** Secure your account via email confirmation.

2. Player Experience

- **Join a Turf:** Browse active/scheduled match sessions.

- **Pay & Secure Slot:** Pay online to join a team slot.

- **Play & Track:** Play matches; system tracks team status and match history.

- **Notifications:** Get notified when your team plays next.

3. Turf Manager Experience

- **Create Sessions:** Start new match sessions and define team slots.

- **Assign Players:** Auto/manual assignment of players to teams.

- **Manage Events:** Track scores, substitutions, cards, and match events.

- **Queue Logic:** System auto-queues next match based on results.

4. Match Sessions & Team Rotation

- **Win:** Team stays, next team steps in.

- **Loss:** Team moves to end of queue.

- **Draw:** Both teams step out, random team re-enters first next round.

- **Session Archive:** Managers can end sessions and archive records.

5. Payment & Security

- **Online Payments:** Secure payment for team slots.

- **Authentication:** Token-based API security (see API documentation).

- **Role Management:** Admin, player, and manager roles for turfs.

6. Mobile Features

- **Responsive Design:** Optimized for all devices.

- **Touch-Friendly:** Easy navigation and large buttons.

- **Fast Loading:** Performance optimized for mobile.

7. FAQ

- **How do I join a match?**
  - Register, verify email, and pay for a slot in an active session.
- **How are teams assigned?**
  - Teams are auto-assigned or managed by turf managers.
- **What happens after my team loses?**
  - Your team moves to the end of the queue; next team plays.
- **Is my payment secure?**
  - Yes, all payments are processed securely.

Visual Guide

How It Works

1. Create Session
2. Match Event
3. Match Queue
4. Team Assignment
5. Turf Dashboard
